

## mVERIFY: Payment Processing Merchant (& 3<sup>rd</sup> Party) Processing

Save time, energy and money. Our Payment Solution offers billing solutions tailored for **online and mobile digital services** merchants. Our service has been purpose built to simplify your experience and provide a competitive offering by utilising our secure payment processing platform, currently used around the world to enable 25 million transactions to date, and growing.

More importantly, we have the banking relationships and the technological know-how to help you generate more revenue. The flagship mVERIFY solution can uniquely offer:

“one-time and recurring transactions capability”

### Commercial

- Processing VISA and MasterCard transactions
- One time and recurring / subscription transactions capability
- Supporting GBP, USD and EUR transaction currencies
- Settling in GBP, USD, EUR and CHF currencies
- Third party model, processing transactions
- Merchant accounts available for larger transaction volumes
- Clear and concise terms, no hidden costs and transparent
- 3D Secure: full use of Verified by VISA and MasterCard Secure-Code capabilities
- Fast Track setup: merchant launch within 10 days of application

### Technical

- Market leading, flexible Transaction Service Charges (TSC) for all online and mobile digital services merchants
- Hosted and branded payment page for cardholder transactions
- Tailored payment platform, built to latest PCI Data Security standards, hosted in a secure IBM environment
- API plug-in based, secure SSL-128 bit encrypted technical integration, supporting .Net and PHP

### Support

- World class support 24 hours, 7 days a week
- Online management facilities for both merchants and cardholders
